Genoua, May 12. *N. S.*

THE *French* Forces in *Lombardy* have received all their Recruits: The Forces of the State of *Milan*, which are 6000 ſtrong, and 5000 Auxiliaries of thoſe of the Duke of *Savoy*, are marching to join them. They continue the Blockade of *Breſello*; yet Parties from that Garriſon are frequently making Excurſions, with very good Succeſs. The *French* King has lately ſent to the Prince of *Vaudemont*, Governor of *Milan*, a Preſent of his Picture, ſet with Rubies and Diamonds, to a conſiderable Value; and by a Letter in his own Hand declared him a Peer of *France*; and the Prince has diſpatched one of the Captains of his Guard to the *French* Court, to return his Majeſty Thanks for the Honour he has done him.

Naples, May 16. The Preparations are continued in order to the encamping of our Forces this Summer. A Prieſt was apprehended here this week, and is impriſoned in the *Caſtel Nuovo*, by Order of the Vice-Roy, for correſponding with the Duke of *Geatano*, one of thoſe Noblemen who have eſpouſed the Party of the Houſe of *Auſtria*, and fled out of this Country ſome time ſince for Shelter from the rigorous Proceedings againſt them. Several other Perſons have lately been ſeized here, upon ſuſpicion of being in the ſame Intereſt. The Conde *de Lemos* is upon his Departure for *Sardinia*, to take poſſeſſion of the Viceroyalty of that Kingdom. It is ſaid the Count *de Toulouſe* is expected here this Summer, with a Squadron of *French* Men of War from *Toulon*.

Rome, May 19. The Congregation appointed to conſider of the Means to raiſe Money for the preſſing Occaſions of this Government, meets very frequently. The Pope, to leſſen his own Expences, has diſcharged many of his Servants; and it is believed a greater Reform will ſhortly be made in his Houſhold: He is again much troubled with a Swelling in his Legs; whereupon his Phyſicians have adviſed him to remove from the *Vatican* to his Palace at *Monte Cavallo*, as being a better Air. It is ſaid the Cardinal *de Bouillon* will return hither in a ſhort time from *France*, to exerciſe his Function of Dean of the College of Cardinals. Cardinal *Acciaioli*, the Sub Dean, is on his Departure for *Florence*, and Cardinal *Carpegna* is appointed to officiate in that Place during his Abſence. Prince *Vaheni* will be going from hence in few days, to ſerve as a Voluntier in the *French* Army commanded by the Duke *de Vendoſme*. Several other Noblemen of this Country deſign to make the Campaign in the Imperial Army in *Lombardy*. Don *Antonio Ottoboni* has taken his Leave of the Pope, intending to be going very ſoon to *Venice*.

Copenhagen, June 5. The King of *Denmark* went from hence the 30th paſt to *Tegersbourg*; and within a week or thereabouts will be going to *Holſtein*, to review his Forces in thoſe Parts. Monſieur *Werpup*, who formerly reſided at this Court on the part of the Princes of the Houſe of *Lunenbourg*, arrived here two days ago from *Cell*, being ſent to the King with a Compliment from that Duke; and yeſterday he went to *Tegersbourg*, to wait upon his Majeſty: He will make but a ſhort ſtay there, being ordered to repair forthwith to the Dutchy of *Saxe-Lawenbourg*, the Government whereof has lately been given to him. Monſieur *Pouſſin*, who has been here ſome time, has lately received from the *French* Court a Credential Letter, with the Character of Reſident from that Crown; but it is not probable that this Letter will be received here, or that he will be acknowledged as ſuch, becauſe the Stile of Majeſty is not given therein to the King of *Denmark*; and that Monſieur *Pouſſin* inſiſts upon being exempted from ſome new Regulations in relation to the Ceremonial, from which this Court will by no means depart. Monſieur *Wyberg*, who was appointed ſome days ago Envoy Extraordinary from this Crown to the Emperor, is on his Departure for *Vienna*, and has already ſent away part of his Equipage. The two *Daniſh* Regiment of Foot and Dragoons, which are to enter into the Service of the States General, will be Shipped off to morrow at *Gluckſtad*.

Dublin, June 5. His Grace the Duke of *Ormond*, Lord Lieutenant of this Kingdom, embarked at *Hylake* the 2d Inſtant, and arrived here yeſterday; and was received in the manner following: About 4 in the morning Notice was given of the Ships being off the Bay, by firing three great Guns at *Ringſend*, which were anſwered by as many from the Caſtle; whereupon the neceſſary Preparations were made for his Reception; the Street from the Caſtle Gate to the College was lined by Colonel *Sankey*'s and Colonel *Farringdon*'s Regiments of Foot, and the Militia-Foot of this City were poſted in the ſame manner from thence to the farther end of *Lazy-Hill*. About 8 (the Tide being out) his Grace landed on the *Strand*, about a Mile beyond *Ringſend*, where 7 great Guns were thereupon diſcharged. His Grace was complimented at his Landing by the Earl of *Meath* and Sir *Charles Fielding*, deputed for that purpoſe by the Lords Juſtices and Council, who were aſſembled in the Council Chamber, and was met by a great number of the Nobility and Gentry,
